A. Purpose

Milan citizens have spoken clearly about how they see the future of their town, They have talked about protecting the rural residential quality of life and the desire to keep Milan housing affordable and accessible to residents. Short-Term Rentals have changed the character of neighborhoods and reduced the affordability that longer term rentals provide. The following law is offered to protect town residents and still provide opportunities for income.

The purpose of this section is to establish a set of regulations applicable to publicly advertised Short-Term Rentals of residential property. These regulations are in addition to all other provisions of this chapter. The following shall apply in addition to all other regulations with respect to
